# ASSURE

Asset Disposal

Our services meet private and public sector standards and protect organisations from significant risk associated with data loss.

Through our rebate initiative, we have been able to reduce overall expenditure on infrastructure project work through returning significant value from redundant equipment.

To get a quote...

Please provide the following information:

- The location(s) for equipment to be collected.
- If on-site data destruction is required.
  - An itemised list of media to be shredded/wiped/degaussed.
  - What is the standard for shred-size (HDDs & all other types 20/6mm, for SSDs, 6/2mm)
  - Can it take place within normal working hours (Mon-Fri, 9:00am - 5:00pm).
- An itemised list or rack plan of equipment to be disposed.
- How will equipment be presented, i.e. will it be de/racked and placed in an easily accessible area?
- If residual value is discovered, would you be interested in resale of equipment with potential for rebate to be issued?

Features

- On-site HDD/SSD shredding with mobile shredding vehicle.
- De-gaussing or data wiping using Blancco & Certus.
- Physical & processual security measures.
- Certificate of Data Destruction provided.
- Recycling Confirmation Certificate provided.
- Equipment resale & rebates available.

Assure's Asset Disposal service can be used individually, or as part of a **Data Centre Decommission** project.

Our Process

Engage

Sunspeed will work with you to design a solution that meets your objectives and relevant policies/frameworks.

Site Survey

Our team will attend site to produce a Risk Assessment and Method Statement (RAMS) for any on-site work.

Collection

We will attend site to complete any decommissioning and pack and retrieve equipment to Sunspeed's ITAD facility.

Proposal

We will issue a comprehensive quotation, with clear scope of work, deliverables and accountabilities, and options where relevant.

Data Destruction

Our team will complete any on-site or off-site data destruction according to project specifications.

IT Recycling / Resale

Equipment will be processed in accordance with the WEEE directive, or resold to provide customers with financial rebate.

Certification

You will be provided with a Certificate of Data Destruction (CoDD), and Recycling Confirmation Certificate (RCC).
