

SAMSUNG

Galaxy A Series for Business

Samsung Galaxy A Series

The Galaxy A Series offers your business greater value without sacrificing the essential features you expect from a fast, powerful, innovative work device.

And with the entire range now available as Enterprise Edition devices, the Galaxy A Series provides all the support your business could want.

Show your teams that you value them by equipping them with these superior devices, without investing in features that aren't essential to your business. and without investing in features that aren't essential to your business. With a suite of great tools packed into an attractive design, your teams can work more fluidly in a way that best suits them. Whether at home, in the office, or on the go, they can feel confident they have the technology they need to be at their best. Plus, with Gemini Live¹, your teams can power through their busy to do lists in no time all backed up by the incredible power of AI.

Galaxy A Series devices come with the government-trusted, multi-layered security you'd expect from a Samsung business device. You and your teams can have real peace of mind, knowing devices are protected from threats and that sensitive data is kept completely safe.

Complete Enterprise Edition support for the whole Series

For the first time, the entire Galaxy A Series range is available as Enterprise Edition devices. That means that however you build your fleet, you can expect wide-ranging support and services for every device.

Enterprise Edition provides everything you need to secure, deploy and manage your mobile devices, even if you don't have a dedicated IT department.

With Knox Suite¹ – Enterprise Edition ensuring that devices are IT policy compliant and secure straight out of the box, your teams and your business will be safer from cyberthreats from day one.

Galaxy A Series Enterprise Edition devices receive regular security and software updates, keeping your business protected from mobile threats with up to 7 years security and maintenance releases, plus up to 7 generational OS updates.²

1. Valid Samsung Knox Account required. One year of Knox Suite Enterprise Plan is included in first purchase of a 2 year or 3 year Knox Suite Enterprise Plan license key. 2. 7 years from first global launch and 7 generations of OS updates for Galaxy A56 5G Enterprise Edition. 6 years from first global launch and 6 generations of OS updates for A36 5G, A26 5G, A16 5G, A16 4G, and A17 5G .

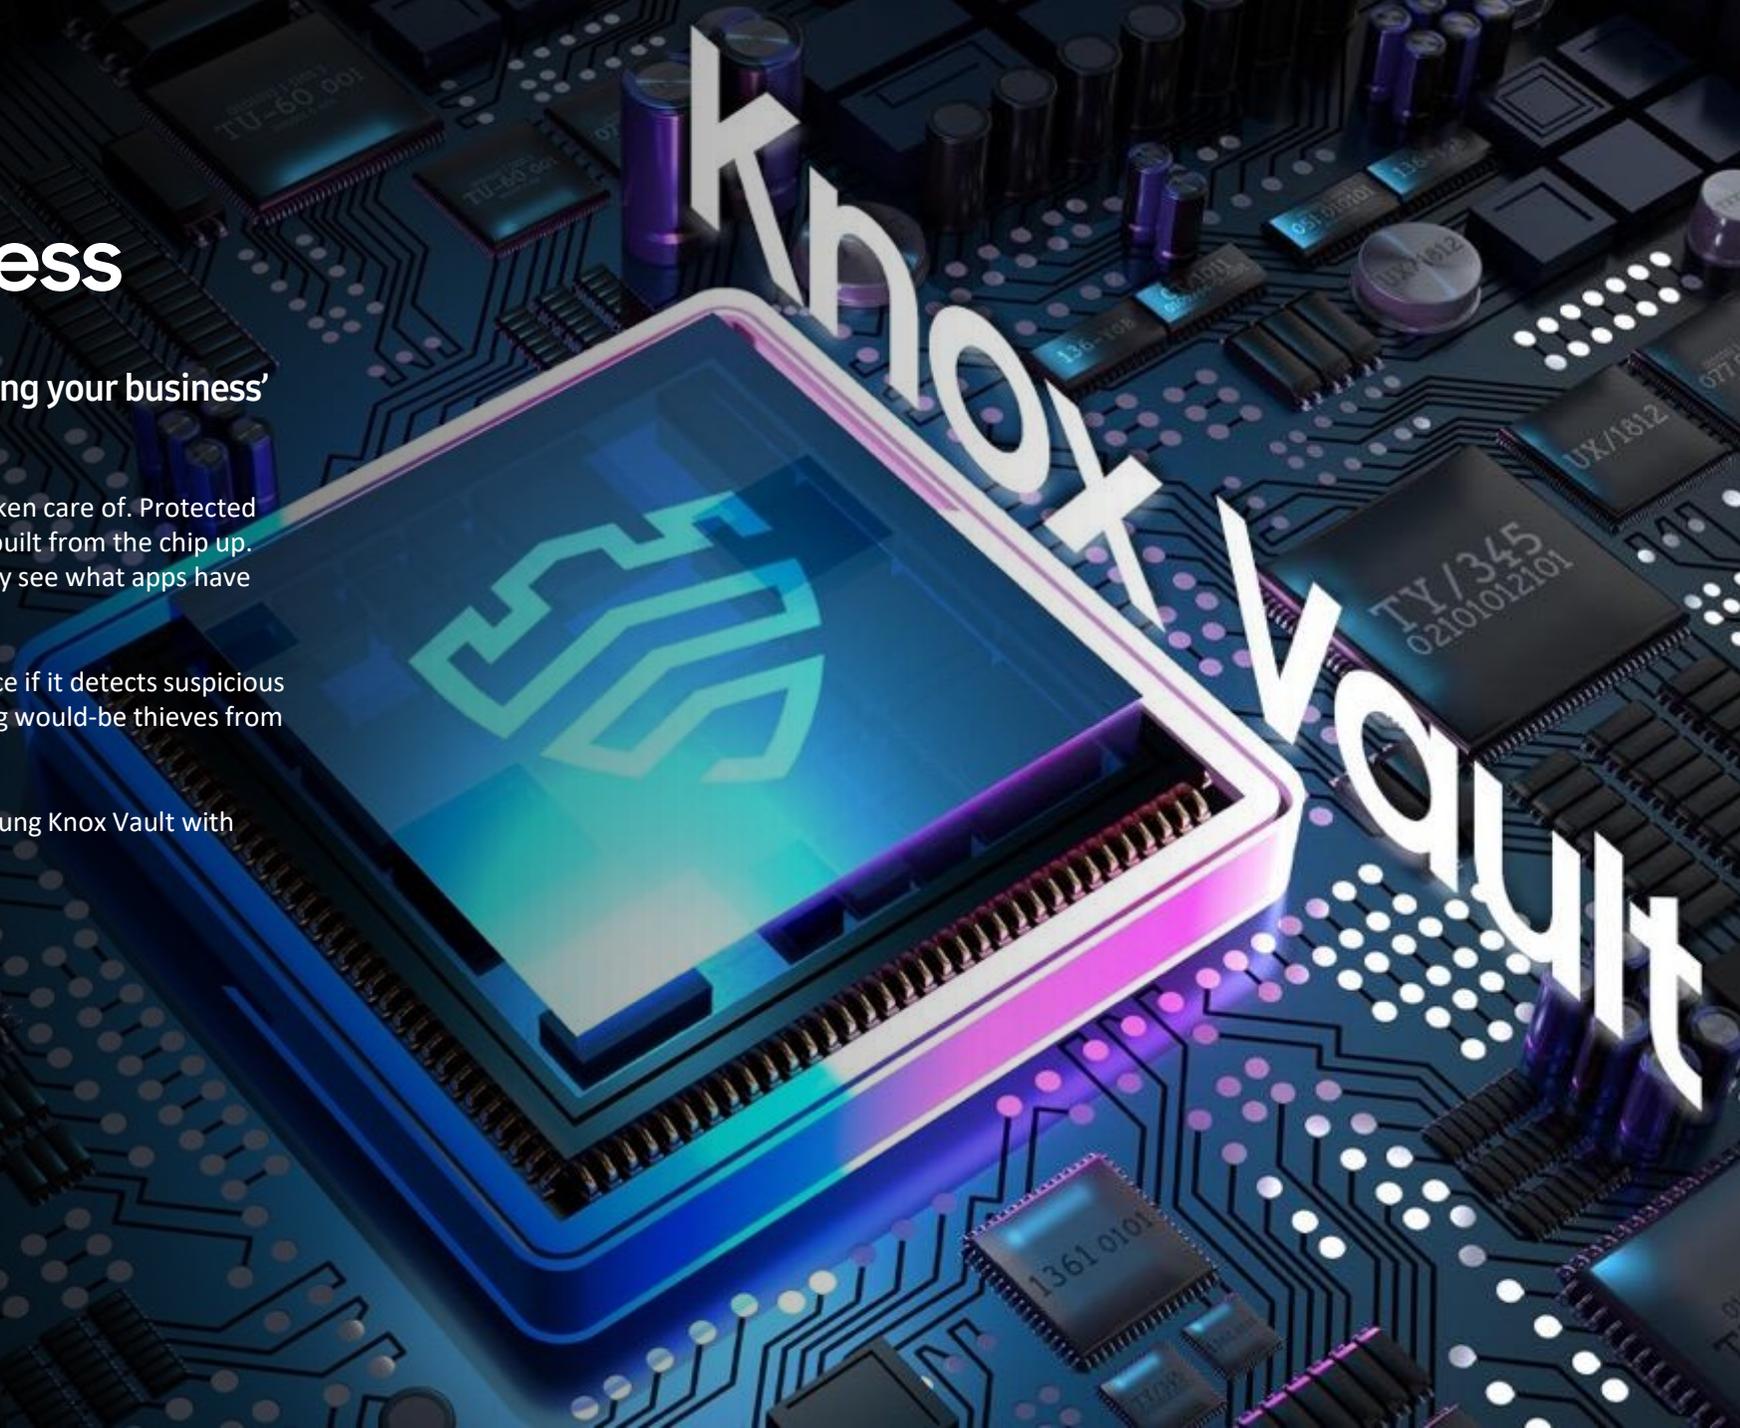

Fortify your business

Engage with the world of work without putting your business' security at risk.

Work securely anywhere knowing your sensitive data is taken care of. Protected by Samsung Knox, our defence-grade security platform is built from the chip up. Monitor your privacy and security settings so you can easily see what apps have permissions and update them quickly.

One UI 7's advanced Theft Protection locks down the device if it detects suspicious activity, like sudden motion or changes in Wi-Fi, preventing would-be thieves from getting in.

Plus, the new Galaxy A Series devices are secured by Samsung Knox Vault with additional EAL5+ certification¹.

1. EAL: Evaluation Assurance Level (CC, Common Criteria)

Connect and share seamlessly

Seamless connectivity for a flexible world of work.

Today's flexible working requires employees to be constantly connected and equipped with the right tools. The Galaxy A Series devices connect seamlessly with the wider Galaxy ecosystem of products to enable you to work how you want, where you want.

Everything's designed with a connected experience in mind. With Storage Share, you can sync and share messages, apps, mail and content with your PC and Galaxy wearables. Quick Share¹ lets you share content without a cable or internet connection, with Private Share capabilities to help keep your personal data safe when sharing. You won't need multiple wires either—the compact USB-C charger can be used to charge any compatible Samsung device, such as your phone, tablet, watch or Galaxy Buds.

1.Quick Share can be compatible with Android 6 (M OS) or higher devices, Chromebook, and some Windows devices. Requires a Wi Fi or Bluetooth connection.

Partners for flexible working

Partnering with technology leaders to provide better business mobility.

Working anywhere with the Galaxy A Series becomes effortless thanks to our leading industry tech partnerships with Microsoft and Google.¹

Join presentations remotely and download files to view on the go. Sync your gallery automatically to OneDrive and access your photos and videos from any Galaxy device for speedy, seamless working. Plus, edit your content on any Galaxy device, then share it quickly and easily via.²

All the productivity.
None of the setbacks.

Galaxy A Series
Category Features

Powered up for success

Work smarter with Galaxy A Series—designed to help you update projects, review work and stay connected anywhere.

Work productively wherever work takes you with the Galaxy A56 5G—boasting 18% more speed and power than its predecessor.¹ Its Exynos 1580 processor and 8GB RAM provide plenty of power and memory to keep on top of projects, run heavy applications and view large files on the move. Or choose the Galaxy A36 5G and its Qualcomm Snapdragon processor and 6GB of RAM for truly efficient, seamless mobile productivity. And thanks to the devices' advanced cooling system, featuring a larger vapor chamber,³ you can enjoy a more comfortable experience and sustained performance, even while multitasking. One UI 7 is also a pleasure to work from, making it easy to access the apps and tools you need. Plus, with Gemini Live⁴, you can power through your to-do list with a little help from AI.

1. Galaxy A56 5G CPU 18% improvement, GPU 17% improvement. Benchmark Score: AP Lab, (CPU) Geekbench5, (GPU) Manhattan 3.0 Peak. 2. When compared to CPU 18% improvement, GPU 17% improvement. Benchmark Score: AP Lab, (CPU) Geekbench5, (GPU) Manhattan 3.0 Peak. 3. When compared to Samsung Galaxy S24+ flagship model. Galaxy S24+ flagship model. 4. Compatible with select languages only. Google account login and network connection required. Google and Gemini are trademarks of Google LLC. Samsung account login is required for certain AI features.

Keep up the great work for longer

Stay productive throughout even the longest day with a battery that can keep up with your work.

Galaxy A Series devices have enough juice to give you more than 2 days of power on a single charge.¹ So, you can easily get through a full day of meetings, updating work on the go, and keep in touch with your team, wherever you are. And, when you do run a little low, the Galaxy A56 5G and Galaxy A36 5G's 45W Super fast charging ensures you can bounce back quickly—you can get up to 65% charge in just 30 minutes.²

5,000 mAh

1. Based on average usage. Actual battery life varies by network environment, apps and functionality used, and other factors. 2. 45W Super fast charging charger sold separately. 45W Super fast charging available on Galaxy A56 5G and A36 5G, 25W charging available on A26 5G, A16 5G and A16 4G.

5G 5G 5G

Super-fast connectivity

Keep up to speed and manage a busy workload with a super-fast phone that lets you quickly stream and download content on the move.

Stay connected and productive wherever work takes you with the Galaxy A Series. Super-fast 5G Connectivity¹ ensures you can stay in touch with colleagues, update work on the move and dial in for video calls with superior quality. You can easily stream content, download large files and scroll through emails or social media without annoying lag slowing you down.

The Galaxy A56 5G and Galaxy A36 5G also come with Wi-Fi 6 for great connectivity when you're not on the move. Plus, with One eSIM,² you can have the same phone number on two different phones.

A Series—Display

Your work has never looked so good

See your work clearly on a large, vivid display designed to be visible even under the bright sunlight.

Experience crystal clarity, even under harsh light. The Galaxy A Series' large and vivid 6.7" FHD+ displays are perfect for reviewing presentations or watching a movie on your commute. They're also designed with outdoor visibility in mind, with Vision Booster helping you to see everything on your screen, even under glare.

Eye care display

2

1. Compared to previous Galaxy A Series models. 2. Display panel received Eye Care Certification by SGS based on its ability to reduce the harmful effects of blue light. This certification can be found on <https://www.sgs.com>.

Snap, record and share seamlessly

A camera that improves collaboration—and pride in the workplace.

Create and share the best images of your career. The Galaxy A Series' triple-lens camera system, with an impressive 50MP main lens, gives you the flexibility and clarity to capture the finest details.

It can also vastly improve the quality of your video calls, allowing you to share updates, communicate clearly and collaborate seamlessly—or just show off the work you're most proud of.

And with enhanced Nightography on the Galaxy A56 5G, you can capture incredible detail even under low light conditions. Forget about blurry, underexposed images, and say hello to pin-sharp photos.

Meet the Galaxy A Series Enterprise Edition range

This new range really means business. Each device provides everything you need, nothing you don't.

Galaxy A Series

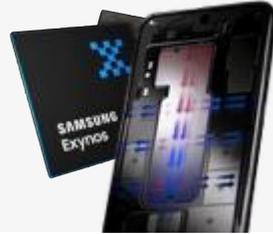

Key Device Features

Galaxy A56 5G Enterprise Edition - Key Features

Powered up for success

Work productively on the most powerful A Series device, with 18% more speed and power.¹ The Exynos 1580 processor and 8GB of RAM gives you plenty of power to keep on top of projects.

Keep up the great work for longer

The Galaxy A56 5G's 5,000 mAh battery² means worry-free workdays. And, if you do run low, 45W Super Fast Charging ensures you can bounce back quickly.

Business insights at your fingertips

Find the answers you need, when you need them, thanks to Circle to Search with Google.³ And stay informed effortlessly and make information with the Read Aloud feature.

Tough enough to face the elements

Go anywhere, worry-free. With IP67⁴ water and dust resistance, the Galaxy A56 5G is protected from spills and splashes, letting you work or play wherever life takes you.

Protection for the long run

Keep up with the evolution of technology and ahead of emerging threats with up to 7 years security and maintenance releases, plus 7 generational OS updates.⁵

Never be without a device for long

Work confidently knowing you have total support. Enjoy a 3-year warranty for a lower total cost of ownership and next business-day doorstep replacement.⁶

1. CPU 18% improvement, GPU 17% improvement. Benchmark Score: AP Lab, (CPU) Geekbench5, (GPU) Manhattan 3.0 Peak. 2. Typical value tested under third-party lab conditions. Rated minimum capacity is 4905mAh. 3. Accessible on any app that does not block screenshots. 4. IP67 rating based on lab test conditions for submersion in up to 1 meter for up to 30 minutes against low water pressure only. Not advised for beach or pool use. 5. 7 years from first global launch and 7 generations of OS updates for A56 5G Enterprise Edition. 6. Next Business Day (NBD) available with valid warranty claim, if booked with the Samsung Business Service Centre (BSC) before 2pm on a business day. Doorstep Exchange with Samsung gold stock. Excludes accidental damage. T&Cs apply

Galaxy A36 5G Enterprise Edition - Key Features

Don't get held up

The Galaxy A36 5G's 5,000 mAh battery¹ means worry-free workdays. And, if you do run low, 45W Super Fast Charging ensures you can bounce back quickly.

Crystal clarity, even under harsh light

Review presentations on the go with Galaxy A36 5G's large, vibrant 6.7" FHD+ display, designed for clear outdoor viewing. Plus, it's even slimmer than previous Galaxy A Series devices.²

1200nits⁴ 120Hz

Power to stay connected

Work productively anywhere with the Qualcomm Snapdragon processor and 6 GB of RAM. Performance won't dip when the action heats up, thanks to the larger, advanced cooling chamber.³

Tough enough to face the elements

Go anywhere, worry-free. With IP67⁴ water and dust resistance, the Galaxy A36 5G is protected from spills and splashes, letting you work or play wherever life takes you.

Protection for the long run

Keep up with the evolution of technology and ahead of emerging threats with up to 6 years security and maintenance releases, plus 6 generational OS updates.⁵
