

Assure

3- & 5-Year extended warranty
on Ubiquiti products

Guaranteed Peace of Mind with Intec Assure

Ubiquiti Networks provide a variety of high-performance networking technology solutions for service providers and enterprises, offering an outstanding price to performance ratio.

Ubiquiti are pushing the boundaries in wireless communications and aiming to close the digital divide, bringing wireless connectivity to everyone around the world. They also feature a global support community that stands them apart from their competition.

Intec now brings you our exclusive extended warranty service - **Intec Assure**. Our exclusive service provides the assured confidence that comes with an extended 3 or 5 year warranty with advanced next business day hardware replacement.

Why Intec Assure?

- Faster support and less downtime
- Stand out from competitors by offering true next-business-day service

- UK-based support and logistics you can rely on
- Provided through eCarePlus, Intec's trusted IT Maintenance brand

Extend Your Coverage

We even offer Intec Assure on your existing Ubiquiti products from an Official UK Ubiquiti Distributor making life even easier.
